

Subject: We will be making your home more sustainable between 2025 and 2028.

Dear Sir/Madam,

In the coming years, Actium will be making approximately 2,400 homes more sustainable. This ensures that tenants can continue to live comfortably and affordably in the future. Because after making the homes more sustainable, the properties will be comfortable and energy-efficient. Your home is also scheduled for these improvements in the coming years. In this letter, we will tell you what we know so far and what this means for you.

We plan to make your home more sustainable in the period between 2025 and 2028.

We are making homes in your area more sustainable step by step

There are many homes in your neighborhood that we will be making more sustainable. We cannot address all of them at once. We will proceed step by step. We do not yet know when it will be your turn, as we do not yet know in which part of the neighborhood we will start. Therefore, your home could be scheduled as early as next year, but it could also be as late as 2027. We will inform you at least a year in advance.

Flora and fauna research in your neighborhood

Before we can start the work, we are required to conduct flora and fauna research. We examine the plants and animals present in the area. This ensures that the work does not negatively affect protected animals or plants. A specialized agency conducts this research for us. You might see employees in your street, including in the evening and night.

About a year before we start, you will hear from us again

We will then invite you to a meeting where we will tell you more about what we will be doing in your home, when we will be doing it, and what this means for you.

In the meantime

Meanwhile, everything continues as usual. You can still report repair requests and other (maintenance) queries to us via www.actiumwonen.nl or 0592-400 100.

Questions? Please contact us or visit an extra consultation hour

If you have any questions, please contact us. You can do so by calling 0592-400 100 or by filling out the contact form at www.actiumwonen.nl/contact . Or visit our extra consultation hours in the neighborhood on:

Consultation Hours Componist

April 23, 2024, from 10:00 AM to 11:00 AM

April 30, 2024, from 10:00 AM to 11:00 AM

May 7, 2024, from 10:00 AM to 11:00 AM

With kind regards,

Jochem Reinders & Janine Douma

Area Coordinators Noorderpark
