Subject: Information on the First Phase of Housing Sustainability 2025 - 2028

[Salutation],

In the spring, you received a letter from us informing you that we will be making your home more sustainable between 2025 and 2028. In this letter, we are informing you about the contractor who will carry out the work and which homes will be renovated first.

Your home is scheduled for renovation between 2026 and 2028

In the attachment to this letter, you will find a map showing the 98 homes we plan to make more sustainable in 2025. Your home is not included in this list, which means your home will be renovated between 2026 and 2028. We understand that you may want more clarity on this. We expect to inform you in early 2025 about when your home will be scheduled for renovation.

Bouwgroep Dijkstra Draisma is the contractor

The contractor who will carry out the work is Bouwgroep Dijkstra Draisma (BGDD). You will likely see BGDD employees in the neighbourhood in the coming period for research and preparatory work.
